- Balochii
- Sindhi

PROFILE

Computer Systems Engineering Student passionate about building intelligent and scalable technology solutions. Experienced in Web Development, Networking, IoT, Embedded Systems, Python, and AI-powered applications. Skilled at integrating hardware and software to develop innovative real-world solutions. Driven by continuous learning, problem-solving, and creating impactful technologies that bridge the gap between engineering and innovation.

WORK EXPERIENCE

Data Entry Operator

Nasar Survey Projects | 1 Years

Managed and processed large volumes of survey data with accuracy and efficiency.

Performed data collection, verification, and database management tasks.

Maintained data integrity and generated reports for project teams.

Worked effectively under deadlines while ensuring high-quality results.

Graphic Design Instructor

School of Skills | 6 Months

- Taught students basic to intermediate Graphic Design skills.
- Trained students in CorelDRAW, Canva, and CapCut for designing and video editing.
- Guided students in logo design, posters, social media posts, and short video creation.
- Helped students complete practical design projects and assignments.

EDUCATION

Bachelor of Coputer System Engineering

2024 - 2027

Balochistan Univeristy of Engineering Technology khuzdar

Cureent GPA: 3.1 / 4.0 5th Semester

DAE in Information & Communication Technology (ICT)

CTTI College - Affiliated with PBTE

2021 - 2023

Percentage: 76%
